The system's defenders, however, point out that in recent times a large proportion of U. In other words, a lower DI is not better than a higher DI.

The model holds for every venue with some variation in the slope of the lines. Arc de Triomphe. Though his dam has won 6 races but they were all sprint races and do not strengthen his chances for classic distances. Specifically, we can monitor the moving average of the DI for winners of juvenile stakes throughout the year. This particular pattern was noted as typical of French-and-Italian-bred horses we see from this perspective, however, is the result of breeding modest speed DI 3. Equine Behavior.
