Spanish Hmong Somali. Canned and packaged foods and cooking utensils, including a manual can opener.

If, as the survey data suggests, employee and family preparedness is central to your organization's survival, your cart is empty. ABSTRACT: The capability of first response organizations to maintain essential services to the community in disaster situations rests on the assumption that responders will report for assignment. Collect all the items in your emergency supply kit and divvy them up among family members. Participants reported these courses are provided by FEMA, state and local health departments. In emergency situations, it is important to respond quickly. Family members who travel more than a few miles from home each day should have an additional kit in their car or workplace.
