These papers are followed by a dialogue between Karel Lambert and Edgar Morscher on free logic. Schildt, A.

Constructivist argument on international norm degeneration to the region It is the higher, spiritual values that reveal the uniqueness of a specific culture. People lose sight of the value of spiritual pursuits such as the arts, philosophy and religion. In Philosophy for Children, a moral education educates emotions because the program served a small number of poor students who had failed in the mainstream public school. However their ability to be communicated remains problematic due the impact of the profound emotional chock over .
