There is a need to reclaim those vibrant ideologies, legacies, and struggles that served and continue to serve as a reminder of how important the liberal arts are, not just as specific fields of study, but also as a broader civic educational force that enables the development of the formative culture necessary for all students to enliven the imagination, think critically, recognize the ethical grammar of suffering, and connect public values to collective struggles that expand and deepen the processes of democracy. Tocqueville had set his face against social revolution; February brought misgivings, and the insurrection in June seemed to him inevitable.

Further, the universities were to compete for contracts from central government for their funding 2, further developing their competitive entrepreneurial character.
