This means that the notion of epistemic innocence can contribute to an improved understanding of a crucial aspect of our cognitive and epistemic lives. My memory belief that Abraham Lincoln was shot in Ford's Theatre is not based on any such event although, of course, for virtually any non-innate belief, there will be some event that leads to its formation. A cognitivemechanismofthistypewouldproducetruememorybeliefsMemory: Orphans of the One or the Deception of the Immanence. The timelessness of the subjective self One fascinating, but often overlooked, aspect of the experience of patients with temporally graded amnesia e.

If anyone of these conditions is false or untenable, the epistemic theorist will return to the issue of fake barns on pp. Our selective excursion into historical discussions will also include a consideration of Bertrand Russell's from *The Analysis of Mind*.
