Sherry King. In-depth interviews were carried out with each of the participants illustrated in figure 1 and used to prompt and understand individual's roles including management rolesbackground, specific financial management expertise and processes, cognisant of organisational factors such as relationships, communication and motivation. Social Work Placements. Contactus. Deirdre Garvey. Introduction Formal approaches to management development are inappropriate, say some advocates. SouthAfricanHealthReview. Such leaders require competencies listed in table 1 -which is the basis of the conceptual framework of the study and is an adaptation of the SA Department of Public Service and Administration DPSA as well as previous literature by Gilson and Daire who highlight these competencies for dealing with constraints in health settings. This question-whether official or personal leadership is more influential-has considerable practical significance, because social movements such as pacifism and environmentalism almost always take shape as organizational structures in contemporary societies.
