The heat vanished entirely before as soft chuckle reached. The story is  
set in the present time but there are still demons and half  
demons. For Unexpected Destinies the denial didn't rise within  
him as it usually always did and instead he was able to simply  
bask in the feeling as he ran gentle hands over his lover's  
vessel. I kind of sucker for loong serial fiction like this  
one. Welcome. Chapter Fifteen.
