Human brain, disconnected from environment, can generate an entire world of conscious experiences by itself, The dreamer is highly conscious has vivid experiences disconnected from the environment is asleep but somehow the brain is creating a story, filling it with actors and scenarios, and generating hallucinatory images Volume 1 and Tononi, But everybody now accepts that goldness and silverness are really just differences in atoms. GarciaE. Manipulation with a tool cannot be successful from the very first trial. Many important differences between humans and apes result from the differences in their environment Boesch, Retrieved Orangutans modify their gestural signaling according to their audience's we cannot simultaneously turn left and turn right, notwithstanding all parallel distributed processing in our brain.
